W 800 NORTH WEST POINT, 84015	145070001	B2	0.51

^a This table of “strip takes” identifies all parcels that meet the following criteria: (1) are not owned by UDOT and (2) would have a land-only impact from one of the WDC alternatives; that is, the alternative would not affect or require relocating a structure (such as a house or commercial building). In some circumstances, the whole property or parcel might need to be acquired. This determination will be made during the right-of-way process once final design is available for the preferred alternative.

^b If the amount of impact to the parcel is less than 0.01 acre, this column shows the impact as 0.
